

Rail Plus

The **RAILPLUS offer** allows passengers of any age, in exchange for purchasing a nominal pass, to benefit for **one year** of **15 % discount** from the full price of international tickets (cross-border) on fixed departure–destination routes (Ex: Bucharest - Vienna).

The price of a RailPlus Pass is:

- *15 € for youth and seniors*
- *25 € for adults.*

Supplements for using certain trains and coaches, as well as the booking rights, must be fully paid by the passengers.

Most carriers accept changing the route and the class.

The RailPlus pass is nominal and may not be transferable.

The RailPlus pass must be submitted together with the ticket to the train staff. An identity document shall also be presented (ex.: ID card, passport, etc.), should the train control staff request it.

The RailPlus pass shall not be returned.

In case of loss or theft, refund or replacement of the RailPlus pass is excluded.

Tickets, national coupons (domestic tickets on a foreign railway network) shall be issued only if they are issued in connection to an international ticket and by the same issuing carrier.

Any person who does not hold a valid **RailPlus** pass, who is not the owner of the **RailPlus** pass and does not present a valid ticket, shall be regarded as travelling without a ticket and shall pay a fine in addition to the ticket, according to national rules issued by the carriers.

Warning! For the issuing of the international tickets in Romania, the national fare applies on CFR routes (instead of the international fare), reason for which the 15% discount applies only to foreign journeys written on the international ticket issued on the basis of a **RailPlus** pass.
