Nevertheless, issuing undertakings may issue tickets with a shorter period of validity in their special conditions of carriage.

As an exception, for issuer LG, LDZ and TCDD, the period of validity of tickets is 15 days.

On a bilateral basis tickets with a longer validity can be issued.

Validity begins on the day shown on the ticket.

The ticket's first day of validity counts as a full day. Passengers may start their journeys on any day on which their ticket is valid at their discretion but passengers must finish their journeys on a train which is timetabled to arrive at their destination point by 24.00 hours on the last day of validity.

The period of validity may be extended by maximum the validity period of the original ticket without charge if the ticket cannot be used within its period of validity for unavoidable reasons (illness, serious accident, etc.) The conditions of the carrier, to whom the request is made, are applicable.

Tickets for offers linked to specific trains are only valid on the date and in the train shown on the ticket.

Special Conditions of International Carriage – CFR Calatori

All international tickets/ offers will be "linked" to cross-border trains to/ from Romania, except Mic Trafic offers. The passenger must use the cross-border train to/ from Romania mentioned on the ticket.

8 Reservation and allocation of accommodation

This information comes as a reference to point 4.1.4 GCC-CIV/PRR.

A reservation guarantees a passenger accommodation. The carriers' special conditions of carriage lay down the conditions in which reservation is possible or, as appropriate, compulsory, and how reservation tickets are to be issued. Timetables are to indicate trains for which reservation is compulsory.

Reservations may only be requested eleven months before the beginning of the journey at the earliest. Accommodation is allocated in accordance with each carriers' conditions.

The Special Conditions of Night trains specifies the conditions for the reservation of couchettes and sleeper berths.

8.1 Reservation fee

The carrier may make a charge for each reservation. The charge may depend on the class of travel, the category of service or the sales channel. See point 12.2 for the use of whole compartments.

Special Conditions of International Carriage – CFR Calatori

The reservation fee for one seat at the class coaches is 3 Euro/ passenger.

8.2 Use of the reservation

A reservation ticket will be issued for every reservation.

A reservation ticket is only valid with the associated travel ticket on the days, trains, carriages and seats indicated. Carriers may insist that a travel ticket is purchased at the same time as the reservation.

Accommodation is allocated in accordance with each carriers' conditions. Train staff may permit passengers without reservations to travel on trains with compulsory reservation if there is accommodation available.

In exceptional circumstances, train/carrier staff may allocate accommodation other than that shown on the reservation ticket.

Reserved accommodation is to be claimed within 15 minutes of departure from the station from which the reservation applies; if this is not done the entitlement to accommodation expires.

Passengers may indicate that an empty seat is occupied. Should passengers leave seats without a clear indication of occupation, they are to lose claim to them.

8.3 Exchange and refund

In principle, passengers may not exchange reservations for seats.

Reservation fees for seats will not be refunded.

9 Use of tickets

This information comes as a reference to point 5.2 GCC-CIV/PRR.

9.1 Special charges/supplements

Special charges/supplements may apply to the use of certain trains or coaches (sleeping cars, couchette coaches, seated coaches, etc.).

Where there is a choice of route, the journey must be made by one of the routes shown. Changing during travel from one route to another route shown in the routing field is not permitted.

Handwritten international and national tickets are only valid if they are stapled into a cover.

Outbound halves of return tickets become invalid after the inbound journey has started.

Carriers may require passengers to take specific actions prior to departure in order to consider tickets validated (e.g. stamping.) These conditions are to be mentioned in the Carrier's Special Conditions of Carriage.

Carrier	Condition
Trenitalia	Tickets issued by Trenitalia in Italy must be validated before the start of the journey. After having been date-stamped, these tickets are valid on Trenitalia trains for maximum of 4 hours.
SNCF	Tickets issued by SNCF in France must be validated before the start of the journey. After having been date-stamped, these tickets are valid on SNCF trains maximum of 24 hours

9.2 Surcharge for travellers without a valid ticket

Passengers who cannot produce a valid ticket during ticket inspection must purchase a ticket for the route section operated by the carrier in question pursuant its conditions.

If a passenger can purchase a through ticket for the border crossing journey, he might have to pay a supplement on top of the fare. The regulations governing these scenarios are detailed in the carriers' Special Conditions of Carriage.

10 Interruption of journey

This information comes as a reference to point 5.2.5 GCC-CIV/PRR.

In principle, passengers may interrupt their journeys as often as they please without formality within the period of validity of the ticket.

The carriers' special conditions of carriage may provide for exceptions for certain offers.

The period of validity is not extended to take account of interruption of journey.

Passengers may only resume their journeys at the point their journeys were interrupted or at a point further along the route they have not yet travelled.

11 Amendment of the contract of carriage

11.1 Change of route

In general, changing the routing of international and national tickets is permitted. Carriers may however prohibit changes of route in their conditions of carriage.

11.2 Change to a higher class of travel or to a higher class of train

In general, passengers holding international and national tickets may change to a higher class of travel, a higher service category or to a higher class of train. . A charge for this change may be applicable. Carriers may however prohibit changes to class of travel or to a higher class of train.

No extra charge will be raised if an accommodation in a higher class or category of service is allocated for reasons within the responsibility of the carrier.

If passengers have their accommodation allocated in a lower class or category of service, the train crew will certify that on the ticket, reservation ticket or on an appropriate receipt. The difference in price will be refunded in accordance with the carriers' special conditions of carriage.

Special Conditions of International Carriage – CFR Calatori

Class and route difference tickets (complementary titles of tickets) will be issued only in connection with the initial international tickets issued by CFR Călători.

11.3 Change of carrier

In principle, where several carriers serve a section of route in parallel, passengers may not travel with a different Carrier than that indicated on their ticket. Individual carriers may permit change of carrier under special conditions; the details are then specified in their special conditions of carriage.

12 Offers

The carriers' fares are based on a single journey in the classes of train, classes of travel and service categories they offer.

The principles governing reductions from these basic fares are laid down below. If, and under what conditions, carriers offer further reductions is laid down in their special conditions of carriage.

Carriers are to publish details of fares in accordance with the provisions of the applicable national law.

12.1 Calculation of fares

Fares are calculated on the basis of the tariff valid on the day of issue of the ticket by adding together the fares for the various participating carriers' sections. The tariff currency is Euro (€).

The fare set by the carrier will be charged for single journeys.

For return journeys via the same route, twice the fare for the single journey will be charged, or if appropriate, a special fare set by the carrier for the complete return journey.

For return journeys via different routes:

- If the same carrier is used for the out- and inbound journey, the sum of the fares for the single journeys out- and inbound will be charged, provided there is no special fare for the complete return journey;
- If different carriers are used for the out- and inbound journey, the fare for each leg will be set by the carrier in question.

For return journeys where the inbound journey starts from a point different from the destination of the outbound journey or an inbound journey to a destination other than the departure point of the outbound journey, the sum of the single fares for each leg will be charged.

Individual carriers may apply special provisions for calculating fares to national tickets; these provisions are shown in the special conditions of carriage.

12.2 Particular fees

The fees and charges (local supplements, port taxes, etc.) shown in the special conditions of carriage of the various carriers will be added to the standard fares. Reductions allowed from standard fares (including reductions for children) do not apply to additional fees and charges subject to the carriers' special conditions of carriage providing otherwise.

Exclusive use of a whole compartment is permitted provided tickets and a reservation ticket are bought for all the accommodation in the compartment. Only the actual passengers may take advantage of the reductions they may be entitled to. The standard fare is to be paid for all the other accommodation in the compartment.

12.3 Reductions for children

The principles for reductions for children are set down below.

For the purposes of this provision, the criterion for the age of a child is its age on the day the journey has begun. The ticket held by the accompanying person is valid for the carriage of children free-of-charge unless mentioned otherwise under 12.3.1.

Children under four (or six) (exceptions see 12.3.1) years of age accompanied by an adult are carried free-of-charge, however if a seat reservation is wished or needed, this has to be paid.

Children under twelve years of age pay half the adult fare (child fare).

Where appropriate, a seat reservation is issued under the same conditions as for adults.

In some countries special conditions may apply to children travelling alone as well as accompanied by another person.

12.3.1 Rules for children's age

Carriers apply the following age limits for children reduction. For children traveling alone, the most restrictive rule is applied when travelling with an international ticket. This also applies for the age of the child attendant.

12.6 RAILPLUS

12.6.1 Beneficiaries

RAILPLUS cards are issued in accordance with the SCIC of each undertaking.

12.6.2 Period of validity of the RAILPLUS card

In principle, RAILPLUS cards are valid one year.

If a RAILPLUS card is issued to supplement a national entitlement card, its validity may not extend beyond the date shown on the national entitlement card.

If national entitlement cards are valid for more than a year, carriers may use their discretion when setting the validity of RAILPLUS cards.

The first day and last day of validity are to be shown on the RAILPLUS card.

The RAILPLUS card can be shown in a mobile app. The RAILPLUS-card should then contain logo and validity period.

12.6.3 Charge for the RAILPLUS card

The charges for RAILPLUS cards are set down in the SCIC of each undertaking.

Special Conditions of International Carriage – CFR Calatori

For CFR Calatori the price of a RAILPLUS card for one year will be:

- 5 EUR for young people up to 26 years and seniors from 60 years;

- 15 EUR for adults.

12.6.4 Reduction in fares upon presentation:

- of a RAILPLUS card in conjunction with a national entitlement card, the reduction which the national entitlement card allows will be given by the issuer of this card, on the sections of line over which it is valid. A reduction of at least 15% will be given by the other carriers participating for those sections of line served by all carriers taking part in the RAILPLUS offer;
- of a RAILPLUS card not linked to a national entitlement card, a reduction of at least 15% will be given for those sections of line served by all carriers taking part in the RAILPLUS offer.

The reduction will be calculated from the standard NRT-fare.

The reduction may be restricted to certain targetgroups.

12.6.5 Supplements, reservation charges

No reduction is allowed on supplements for the use of certain trains and coaches or reservation charges in accordance with the tariff.

12.6.6 Use of the RAILPLUS card

Passengers entitled to RAILPLUS fares must carry their RAILPLUS card and if the card is nominative the customer must be able to identify themselves in the case of onboard controls.

12.6.7 Irregularities

A passenger will be regarded as being without a valid ticket if he/she is unable to show a valid RAILPLUS card.

The national regulations of the various carriers apply to the collection of the appropriate fare in these cases.

12.6.8 Refund of the RAILPLUS card

In principle the charge for the RAILPLUS card will not be refunded.

In individual cases, participating carriers may provide for complete or partial refund (for example, death of the RAILPLUS card holder).

12.6.9 Loss and theft

Lost or stolen RAILPLUS cards will not be replaced or refunded.

12.6.10 Issue of tickets

The following tickets will be issued with RAILPLUS reductions:

International and national tickets issued in conjunction with them; tickets in connection with

- NRT tariff,
- IRT offers,
- national reductions,
- other rail offers;

This also applies to tickets from frontier points or tickets for domestic sections provided that the combination of tickets creates an international journey (i.e. one which crosses a frontier).

The traveller has to prove the international journey (including RAILPLUS reduction) by showing the tickets issued in conjunction (i.e. for pre-run and/or for a distance connecting) during ticket control.

The "RAILPLUS" text is to be shown in the reason for the reduction box on tickets.

12.6.11 Period of validity of tickets

Tickets issued on the basis of a RAILPLUS card are valid for the same period as standard tickets for international or, where appropriate, domestic traffic.

The period of validity must not however extend beyond the validity of the RAILPLUS card.

12.6.12 Change of route, change of class

In general, change of route, change of class, change to a higher service category or to a higher class of train is permitted. Carriers may however prohibit changes to class of travel or to a higher class of train.

In each case the difference between the reduced fares will be charged.

In principle, the fare for a ticket will be completely or partially refunded if the ticket is not used at all or is only partially used. Non-use or partial non-use must be confirmed on the ticket as of the first day of validity or until the time of departure according to the Carrier's conditions. If the ticket bears no confirmation of non-use or partial use, appropriate evidence may be required with the application for refund (medical statement, new ticket bought instead of the unused ticket, etc.)

Special Conditions of International Carriage – CFR Calatori

The tickets presented for refund before the first day of validity do not require the application of non-use visa.

13.2.1 Submission and handling of applications for refund

Applications for refunds are to be submitted to the issuing undertaking together with the original tickets at the latest one month after the validity of the ticket has expired. This period can be extended to three months, according to specifications in the SCIC of the issuing undertaking.

The requests themselves will be dealt with, in principle by the issuing undertaking, within a maximum period of three months after receiving the application and all the supporting documents from the passenger.

A fixed or variable amount may be withheld from the amount to be refunded. The amount of this fee will be set by the undertaking handling the refund.

The value retained as a refund fee will be 10% of the amount to be refunded (the amount due to the traveler), minimum 3 Euro / traveler.
